to be out of the enclosure by 5pm. Abbey Wood station is within walking distance. Drivers please park on Abbey Road (the B213), not in the woods.

- As previously, we must hire a mechanical digger. This is a costly undertaking, so it is hoped that all active participants will make an appropriate donation, in the order of £25 (Members) and £30 (Guests). Without this voluntary donation we would not be able to afford this excavation.

- Participants must be aware that there is **no guarantee** that we will be able to find and excavate the shell bed.
